Comments

5. If you have additional comments about your participation in this course or suggestions about how to make the course more engaging, please share them here:

Professor Shourian was wonderful, I had some issues with the course materials I purchased (I purchased the OU One recommended 5th edition textbook which did not get me access to the 4th Edition textbook course that was registered for the class) and she was willing to work with me and communicate with me as I navigated fixing the issue.

23. Which elements of this course had the most positive impact on your engagement and/or learning?

I believe the Case Studies made a great impact - it allowed us to see and practice the material learned in the course in real time and in a realistic way (using Excel). I believe it was great experience.

The case studies that I had to complete

The sample test question assignments had the biggest impact on my engagement and learning as it really made me think about the questions.

Critical Thinking

24. Which elements of this course could be improved to have a more positive impact on your engagement and/or learning?

I will always be upset that we no longer have the option of purchasing a physical textbook (there's something so capitalistic about purchasing access to an online book that will expire at the end of the semester), but the online learning practices and practice tests were helpful.

Test Sample questions

Maybe better communication between teacher and student.
