23. Which elements of this course had the most positive impact on your engagement and/or learning?

The elements that had the most positive impact on me were critical thinking and problem-solving.

I found the virtual lectures to be helpful, especially as they related to the information in the textbook and the accompanying assignments. I also appreciated the fact that all assignments and due dates were communicated in advance, to enable me to better organize my schedule.

Professor was easily accessible and really made an effort to make sure we understood lessons.
